

Technical drawing of a circular part, likely a cross-section of a pipe or flange. The drawing shows a circular profile with a central hole. Key dimensions and features include:

- Outer diameter: $\varnothing 69 \pm 0.3$
- Inner diameter: $\varnothing 36.2$
- Radial thickness of the outer ring: 1.3
- Radial thickness of the inner ring: 3.9
- Radial thickness of the central hole: 8
- Section line A-A is indicated by a dashed line passing through the center.
- There are four small rectangular features (possibly holes or slots) arranged symmetrically around the inner ring.
